

European

CONFERENCE // 2022 **Citizen science for planetary health**

Berlin, 5-8 October 2022 **PRELIMINARY PROGRAMME**

Locations:

- Museum für Naturkunde, Invalidenstr. 43
- · Langenbeck-Virchow-Haus, Luisenstraße 58/59
- Jung&Schönn by Raumklang, Zionskirchstraße 5

Wednesday, 5 October | Opening of the Conference

MUSEUM FÜR NATURKUNDE

	Dino Hall	
18.30 • 22.00	Welcome words by Johannes Vogel, Susanne Hecker, Silke Voigt-Heucke, Dorte Riemenschneider	 Meetings of ECSA Working
	Video message by Eckart von Hirschhausen, Stiftung Gesunde Erde Gesunde Menschen	 Groups, details to be announced
	Plenary talk by Brigitte Baptiste, Universidad Ean, Colombia, to be confirmed	
	Welcome Reception Drinks, Food & Marketstands hosted by Bürger schaffen Wissen, sponsored by the German Federal Ministry of Education and Research

	 Heidi Ballard "T'm technically a mini scientist now" Environmental Science Learning by Young People across Online and Field-based Community and Citizen Science. Maria Daskolia Integrating citizen science in school environmental education within the European Cos4Cloud project overall strategy and supporting actions. Claire Murray SEEDS - Science by Teenagers for Teenagers. Kamel Labibes Erasmus Maris A Citizen Science initiative for secondary schools. 	pollinator diversity Insights from a citizen science project in urban community gardens. Natalia Ghilardi-Lopes Citizen Science and pollinators of South America. Sheina Koffler Engaging beekeepers in citizen science evaluation of a Brazilian initiative.				Sofia Mojica Baquero The creation of Citizen Science Hubs in RPFOs. The UAB Citizen Science Hub pilot.
13.15 • 14.15	Lunch Break				13.15 • 14.15	Walk'n Talk
14.15 • 15.45	Oral Session 7: Monitoring the environment together from practitioners to policy makers Gitte Kragh Mobilizing local communities and expedition cruise passengers in the Arctic to address issues of planetary health.	Oral Session 8: Creating knowledge together Diversity and Inclusion Katerina Zourou Citizen science for environmental and healthe issues in conflict zones.	Interactive Session 5: Air Quality and Planetary Health Hester Volten	Interactive Session 6: Citizen Social Science Concepts, practices and experiences from the CoAct project • Josep Perelló • Isabelle Bonhoure • Valeria Arza	14.30 • 15.30	Oral Session 9: Technology and Tool Boxes Lucy D. Robinson Assessing ecosystems and natural capital perspectives on an eDNA approach within the GenePools project. Janice Ansine

Manuel Henao

Implementing citizen science in the flood early warning system of urban-mountainous catchments.

Manuela Yevenes

Citizen science as a co-creative measure to water quality Chemical data and local participation in a rural territory.

Tim Kiessling

Evaluating environmental policies with citizen science data? An example from the Plastic Pirates investigating plastic pollution of rivers.

Alma Moretta

A Citizen Science based approach for air quality monitoring as an innovative educational path for scientific school curricula.

Matrona Pappa

Citizen observatories as educational tools in school environmental education "My own private 1m2" and "Scenting around-the-walk the environmental odours' trail".

Kris Bevelander

Inclusive health research feels good!

Barbara Heinisch

Linguistic and cultural diversity for planetary health.

Ekaterina Egorova

Urban blue, place-bonding and planetary health knowledge. A citizen science project with temporarily displaced children.

Tali Tal

Co-created citizen science in school Serving the poor and the wealthy.

Hacer Tercanli

Enhancing diversity and inclusion in Citizen Science – Potential future directions. Creating the Cos4Cloud Tool Box & Evidence Hub - a resource for citizen observatories.

Jacob Koglin, Nona Schulte-Römer

The Nightlights app – empowering young and old to create their own citizen science campaign.

Julia van Calis

Developing a sensitive chatbot for citizens experiencing chall enges in accessing health care.

and Health Science Projects -Legal Questions and Medico-Ethical Contradictions due to Participation.

Ria Wolkorte

Citizen science for health in action gaining insight in fatigue for people with rheumatoid arthritis.

Laura Peters

Building community-based early warning and response systems for climate change and health in Kenya.

11.10 • 11.45 Coffee & Snacks

Oral Session 15: Poster Session

```
Biodiversity Monitoring for
Planetary Health
```

Precision citizen science developing adaptive sampling through co-design for biodiversity monitoring.

Michael Pocock

Natalia Ghilardi-Lopes

The Citizen Science Program at the Atlantic Forest National Institute Brazil results from 2019-2021.

Emu-Felicita Ostermann-Miyashita Opportunities and challenges

Interactive Session 11:
How to measure engage-
ment and behavioral chang
in a citizen science project?

• Pavel Kogut

• Núria Castell

Interactive Session 12: A hands-on workshop on plant conservation through storytelling and citizen science

• Andrea Isabel Troncoso Quilaqueo Co-evaluation in Citizen Science based on Experiences in Human and Environmental Health Research.

Margarita Angelidou

Monitoring and evaluating the impact of university-led citizen science at institutional, urban, regional, and global level.

11.10 • 11.45

12.00 • 13.00

Oral Session 16: Citizen Science Platforms II Thematic Initiatives

Stefan Herlé

Walk'n Talk

OpenGeoResearch – A citizen science platform to collect geospatial research questions for planetary health.

Daniel Mietchen

Interactions between citizen science and the ecosystem around Wikipedia.

Elisabeth Heyne Collecting the Anthropocene Together Developing a

	of citizen science for monitoring a recolonizing megaherbivore.					Participatory, Digital and Experimental Platform on Environmental Transformations.
	Benoit Fontaine Citizen science to mitigate the biodiversity crisis lessons from Vigie-Nature, a long-term, large-audience biodiversity monitoring schemes network.					Katharina Kloppenborg Personal Science Wiki.
	Daniel Dörler Seven years of Project Roadkill A multi-stakehol- der-approach to improve amphibian conservation in Austria.					
	Céline Liret 'Objectif Plancton', a citizen science programme dedicated to coastal plankton.					
13.15 • 14.15	Lunch Break				13.15 • 14.15	Walk'n Talk
14.15 • 15.45	Oral Session 17: Ways to preserve healthy oceans and fresh water Joaquim Garrabou Observadores del Mar - A	Poster Session	Interactive Session 13: How to plan for impact? Using logic modelling to orient participatory research on planetary health towards societal	Interactive Session 14: How can we build trust in citizen science data to inform policy decisions and action?	14.30 • 15.30	Oral Session 18: Communication, Coordina- tion & Storytelling Mathias Becker Facilitating Citizen Participa-
	Marine Citizen Science Platform working for a healthy Ocean.		impact • Mathieu Mahve-Beydokhti	• Dilek Fraisl		tion in Scientific Agenda Setting through Participatory Storytelling and Multi-Per- spective Visualization.
	Sabrina Kirschke					-1

12

Groundwater monitoring through citizen science – A review of project designs and results.

Ana Ilse Benavides Lahnstein

Science learning through marine community science in the Yucatan Peninsula.

Alina Luna

Citizen Science as a key tool in integrated ocean and costal observing systems.

Tania Jenkins

CoFish co-creating a research project with fishers for sustainable lake fisheries!

Amélie Truchy

Citizen scientists to advance the science and management of intermittent rivers and ephemeral streams.

15.45 • 16.15 Coffee & Cake

16.15 • 17.45

Oral Session 19: Addressing Climate Change and advocating for Environmental Justice

Poster Session

Aishworya Shrestha Catalysing Climate Change Advocacy amongst Rural Nepalese Youth through Citizen Science. Interactive Session 15: DBU-ThinkCamp on Public Engagement for planetary health

• Kim Grützmacher

Susanne Hecker

Anna Soßdorf

Why it matters to be heard – The Relevance of Science Communication and Recognition in Citizen Science Projects.

K. N. Weber, Nicolás Felipe Gutierrez Paez. O. Sabel

Is it a match? Motivations on citizen science volunteers and recruitment arguments in project descriptions.

Sonia Liñán

A new theoretical engagement model for citizen science projects using enablers to overcome long term public engagement challenges.

15.45 • 16.15 Walk'n Talk

16.30 • 17.30

Oral Session 20: Social Citizen Science and Humanities

Michael Müller

Are we talking something new here? A historical corrective on the discussion about Citizen Science for Planetary Health.

Leticia Castro , Valerie Arza, Guillermina Actis

Co-design process of a citizen-social-science platform for environmental justice in Buenos Aires, Argentina.

Pia Viviani

Finding, measuring an improving heat hotspots using citizen science.

Pilar Paneque

Addressing the complexity of hydro-climate risk The experience of the citizen observatory of Drought Spain.

Melvine Otieno

Adapting to a changing environment Inspirations from Eastern Africa.

Marjana Brkić

Citizen science as a powerful tool for climate action.

Cláudia Carvalho

Exploring methodological approaches for citizen science sharing experiences from a pilot initiative in the social sciences.

Michael Soegaard Joergensen

From civil society repair cafes to empowering repair citizen science.

Sander Hermsen

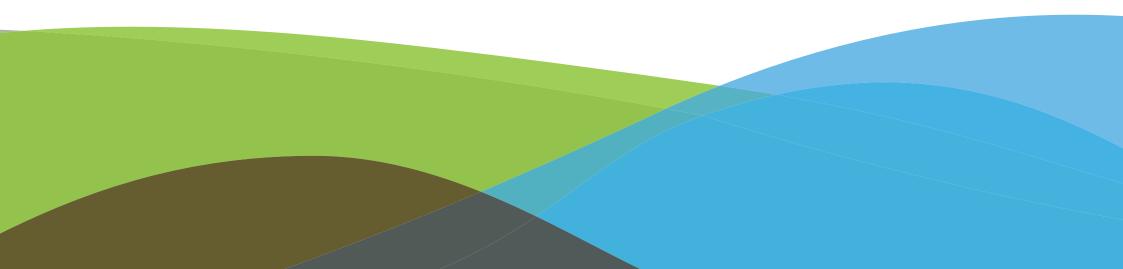

Design Thinking in Citizen Science using methods from participatory design to support citizens in shaping the research agenda.

17.50 • 18.00	Closing words	_	
18.00	Individual Networking: the conference organisers will provide ideas and a list of restaurants.	_	

19.00 • 1.00 Social Evening, Jung&Schönn by Raumklang
